Plan your learning and development in 2021 with our series of virtual events, providing participants with innovative and rewarding insights into the latest developments across the women's healthcare spectrum. Find out more: [has had one year since we published our #BetterForWomen report](#), so in December this year we are reflecting on some of the progress that has been made to improve the health of girls and women in the UK. Our main recommendation was to establish national strategies for women's health and we are delighted that the Scottish Women's Health Plan is being developed in cooperation with the specialty, national and third sectors. Read more: [. joulukuuta kello 12.34](#) · We understand that pregnant women may feel worried about socializing with friends and family this Christmas. We've created a short animation that contains steps you can take to keep you and your baby safe during the festive period. Mother transmission for SARS-CoV-2 newborns, and possible routes for such transmission your password has been changed Please check your email for instructions on password reset. If you don't receive an email within 10 minutes, your email address might not be registered, and you might need to create a new Wiley online library account. Can't sign in? Forgot your username?
